INTRODUCTION
Please read and follow the instruction manual carefully before operating in order to avoid any damages to the unit. Any adjustment or repair should be done by a qualified service center only to receive warranty.

BATTERY OPERATION (NOT INCLUDED)
Your unit operates on two(2) AA size alkaline batteries. Open the CD cover and insert the batteries in the battery compartment following the polarity diagram located inside.

RE-CHARGEABLE BATTERY OPERATION (NOT INCLUDED)
You can operate this unit with two AA rechargeable batteries. For new or exhausted rechargeable batteries, we recommend that (Refer to battery manufacturer's guide).
When operating the unit with AC adapter and non-rechargeable batteries in the compartment, please make sure to set the "charge" switch to "off" position to avoid damaging the unit.
1.Open the battery compartment cover and insert the rechargeable batteries (2 x "AA")in the battery compartment following the polarity diagram located inside
BOTH BATTERIES MUST BE RECHARGEABLE NiCd TYPES OR THE BATTERIES MAY EXPLODE OR LEAK.
2.Plug in AC adapter and slide the "CHARGE SWITCH" to "ON" position to start charging

2

AC ADAPTOR NOT INCLUDED
3. Unplug the AC adapter after charging.
DO NOT CHARGE THE BATTERIES MORE THAN 24 HOURS OR MORE THAN RECOMMENDED TIME. OVERCHARGING MAY DETERIORATE THE PERFORM-ANCE OF THE RECHARGEABLE BATTERIES.

4. If the operating time decrease drastically after the batteries have been recharged properly, purchase new rechargeable NiCd batteries.
Do not attempt to recharge alkaline batteries. This may cause leakage and damage to the unit.
Do not mix alkaline batteries with rechargeable batteries.

When operating the unit with AC adapter and non-rechargeable batteries in the compartment, please make sure to set the "Charge" switch to "Off" position to avoid damaging the unit (switch on unit bottom side)

MONEY SAVING TIPS.
Due to the nature of CD technology, the unit uses power even when the unit is off. To extend the batteries' life, use the adapter for indoor operation or where power is supplied. Use the battery operation only when the unit is in mobile.

DBBS FUNCTION
The Dynamic Bass Boost System(DBBS) enhances the low frequency(Bass) response of the output. Set the Volume to low level and set the DBBS switch to ON position to turn this function on.

3

Note: Some CDs with DBBS may exceed the bass response capacity and can cause distortion. Do not play DBBS in high volume. Playing with DBBS in high volume may cause damage to the headphone and more importantly to your hearing.

HOLD FUNCTION
This HOLD function prevents any unwanted function changes during PLAY or STOP mode. Slide HOLD switch to the arrow direction (or opposite) to turn the function ON (OFF). No other function buttons operate on HOLD mode, except DBBS function.

CAUTION
Hearing experts advise against the constant use of personal stereos played at high volume. Constant high volume use can lead to hearing loss. If you experience ringing in the ears or hearing loss, discontinue use and seek medical advice.

To remove the disc from its storage case, press down on the center of the case and lift the disc out. Hold it carefully by the edges as shown below.

3

• Insert the disc into the unit with the label of the disc facing up.
• Gently wipe the disc using a soft cloth from the center to the outer direction to remove dust, fingerprints or any other particles on the disc surface. Never use chemicals, such as record sprays, anti-static sprays, benzene or thinners to clean the CD. These chemicals can damage the disc surface permanently.
• To avoid serious scratches on CD, keep them in the cases after each use. Scratches can cause the laser pick-up skip in the future play.
• Do not place stickers or write anything on the disc.

• Read the instruction manual before operating this unit.
• Do not expose the unit to high temperature or humidity. Use dampened soft cloth to clean the unit. Do not use strong detergent or solvent to clean the unit.
• Ensure that all electrical connections(including the main plug, extension leads and interconnections between pieces of equipment) are properly made and in accordance with the manufacture's instructions.
• Consult your dealer if you are ever in doubt about the installation, operation or safety of your equipment.

4

IMPORTANT
The CD mechanism and the sensitive circuitry may cause interference to a radio tuner nearby. Do not operate this unit while operating other radio devices.
Danger This product utilizes invisible laser radiation. Avoid direct exposure to the beam.
Caution Use of controls, adjustments or procedures not listed in this manual may result in hazardous radiation exposure.
